Comprehensive Test Report

Report Generated: 2025-10-16 19:15:21
Environment: Production Test Environment

Executive Summary

This report summarizes the execution of 4 positive workflows across 4 key modules. Overall success rate: 100.0%. 4 workflows passed and 0 failed.

Test Results Overview

Module	Executed	Passed	Failed	Success Rate
LoginLogout	1	1	0	100.0%
ForgetPassword	1	1	0	100.0%
ChangeUser	1	1	0	100.0%
Resend_OTP	1	1	0	100.0%
TOTAL	4	4	0	100.0%

LoginLogout Module Test Results

Tests the user authentication process including login with valid credentials and proper logout functionality.

Execution Details:

Metric	Value
Executions	1
Successful Executions	1
Failed Executions	0
Success Rate	100.0%

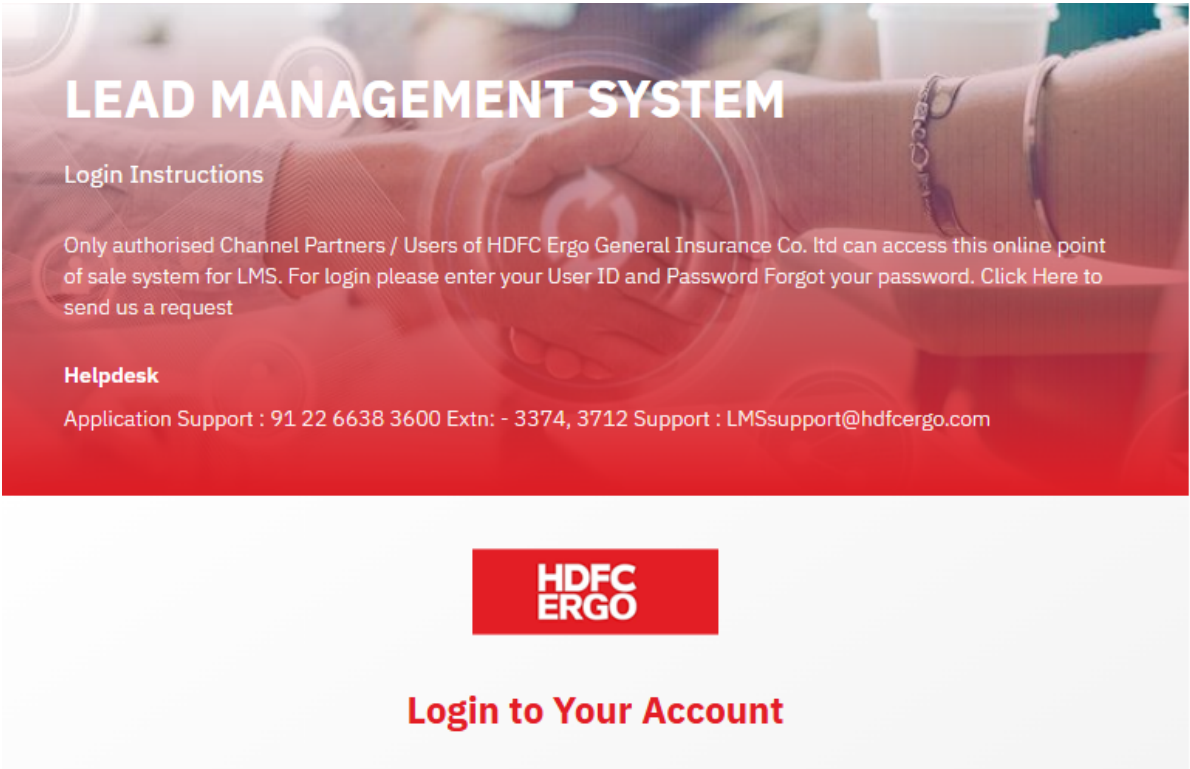

Test Steps:

Action Type	Count
goto	1
input	1
click	1

Screenshots (2 found):

Screenshot: logout_success.png

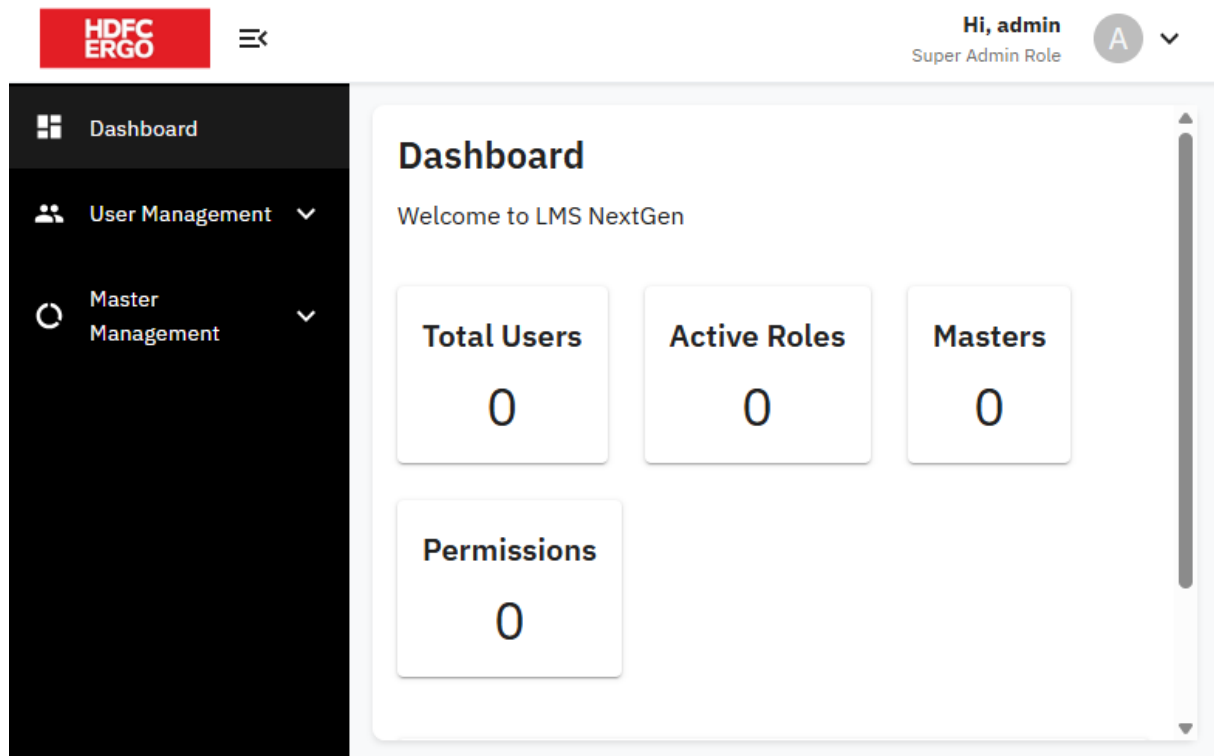

Logout successful - User logged out correctly

LoginLogout - Screenshot 2

Screenshot: login_success.png

Login successful - User authenticated successfully

Captured: 2025-10-16 17:25:49

ForgetPassword Module Test Results

Validates the password reset workflow including OTP verification and password change functionality.

Execution Details:

Metric	Value
Executions	1
Successful Executions	1
Failed Executions	0
Success Rate	100.0%

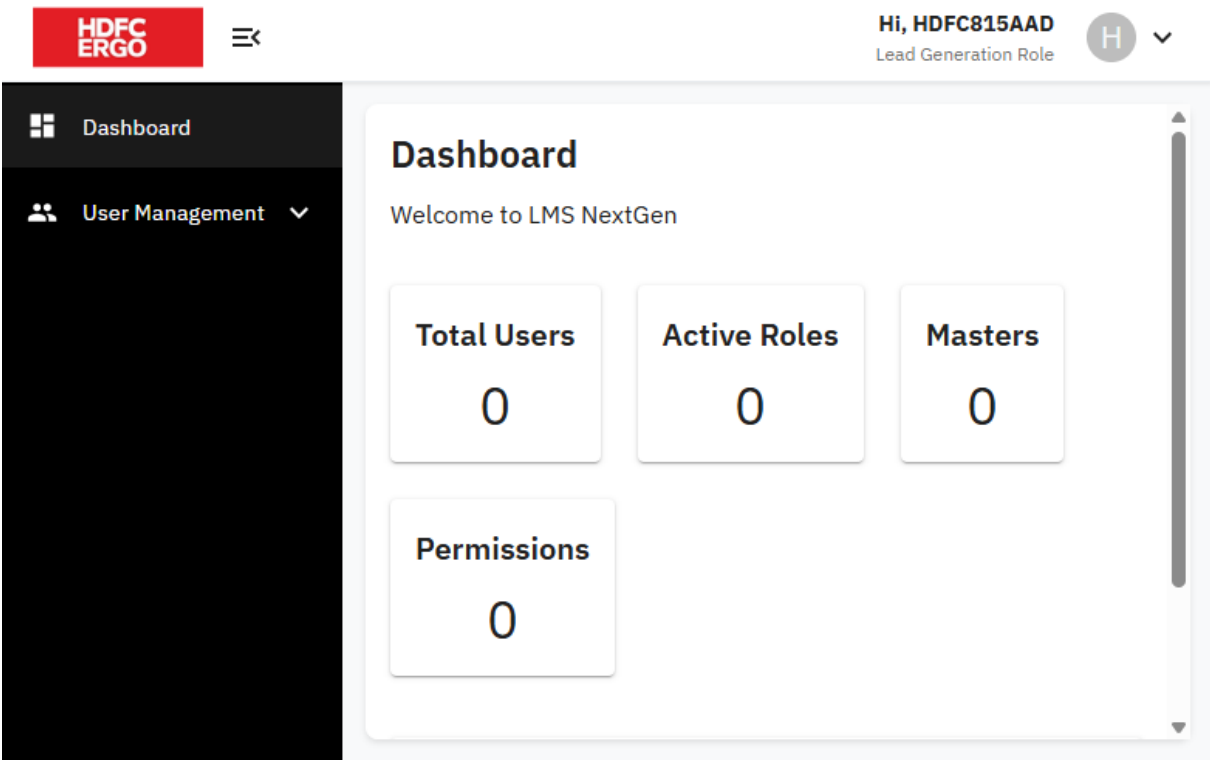

Test Steps:

Action Type	Count
goto	1
click	1
input	1

Screenshots (1 found):

Screenshot: password_reset_success.png

Password reset successful - User password changed

Captured: 2025-10-16 17:27:00

ChangeUser Module Test Results

Tests the user profile update functionality including validation of input fields.

Execution Details:

Metric	Value
Executions	1
Successful Executions	1
Failed Executions	0
Success Rate	100.0%

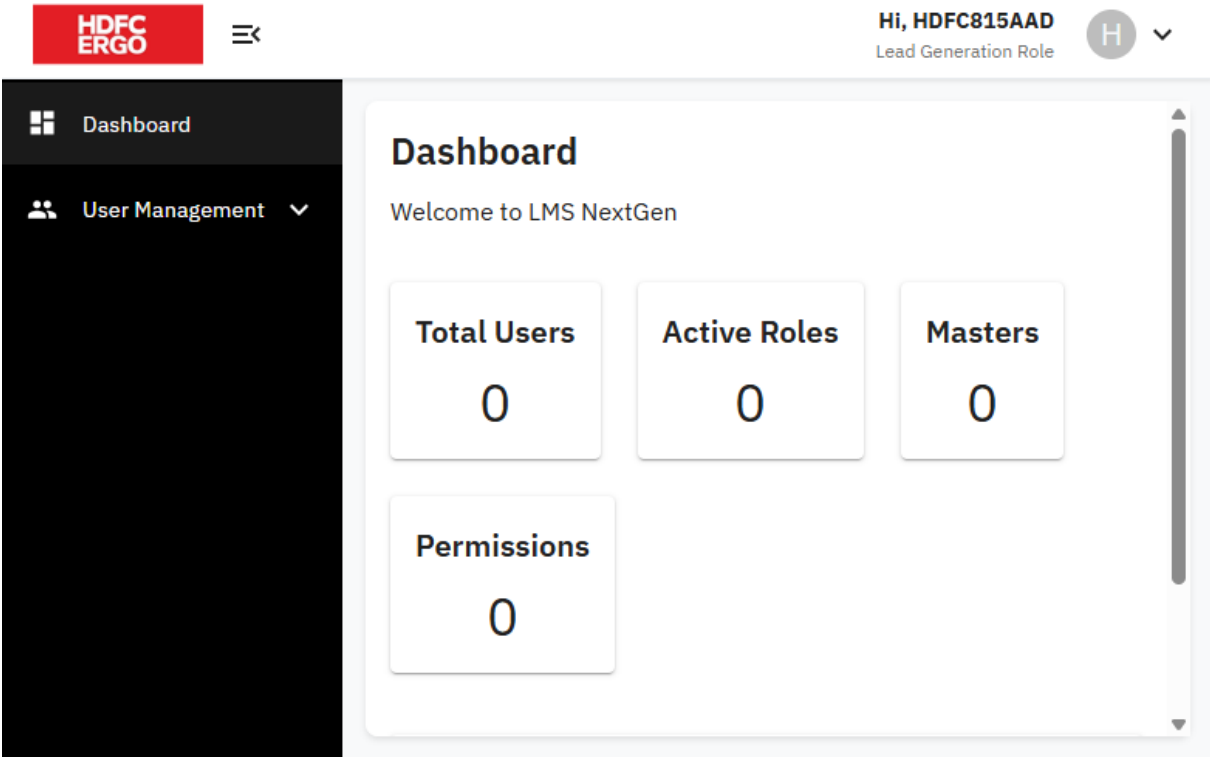

Test Steps:

Action Type	Count
goto	1
input	1
click	1

Screenshots (1 found):

Screenshot: user_change_success.png

User information change successful - Profile updated

Captured: 2025-10-16 17:28:05

Resend_OTP Module Test Results

Verifies the OTP resend functionality including rate limiting and proper delivery.

Execution Details:

Metric	Value
Executions	1
Successful Executions	1
Failed Executions	0
Success Rate	100.0%

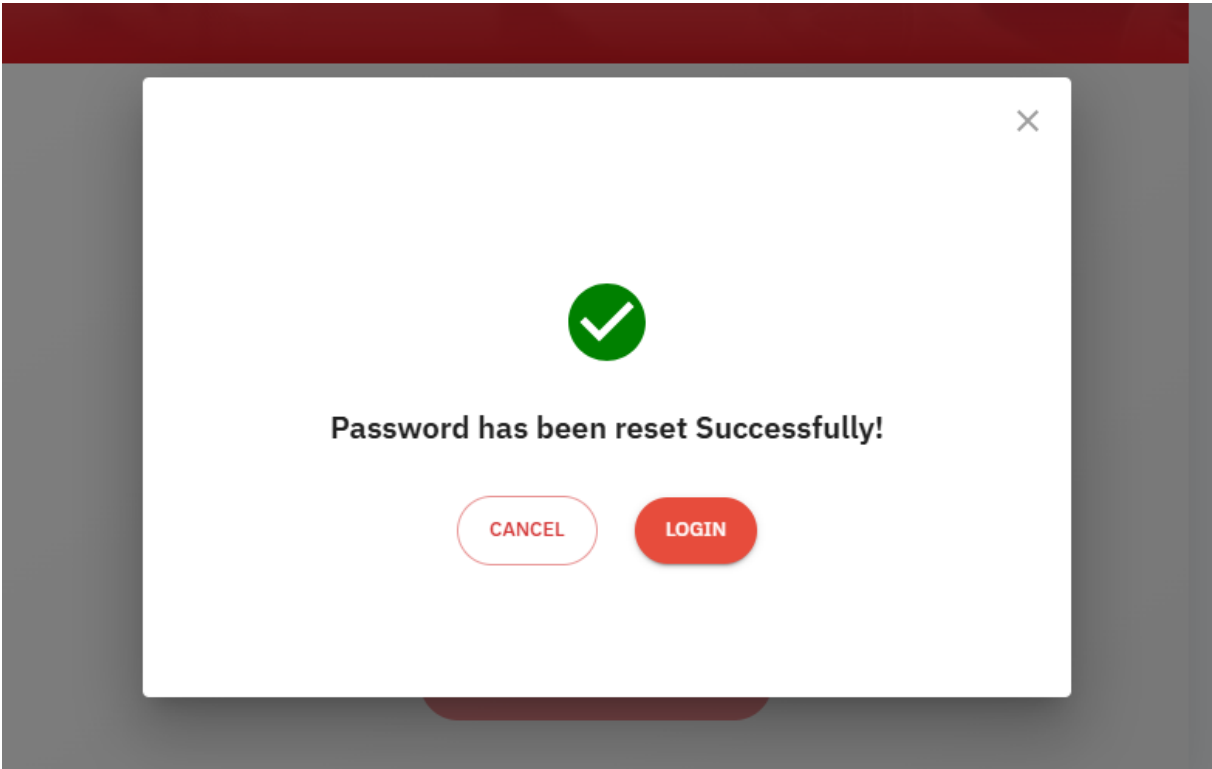

Test Steps:

Action Type	Count
goto	1
click	1
wait	1

Screenshots (2 found):

Screenshot: resend_otp_success.png

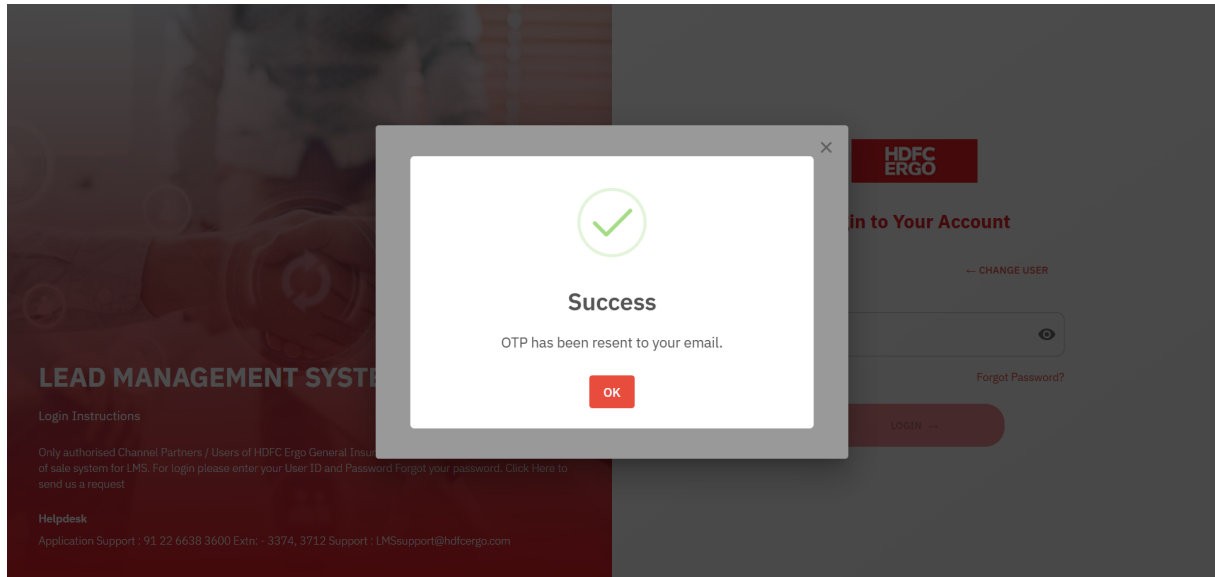

OTP resent successfully - Verification code delivered

Resend_OTP - Screenshot 2

Screenshot: resend_otp_rate_limit_critical_error.png

Rate limit error - Too many attempts

Captured: 2025-10-16 15:52:27

Conclusion & Recommendations

All positive workflows executed successfully. The system is functioning as expected for the core user journeys.

Recommendation: Continue with regular testing to maintain system stability. Consider expanding test coverage to include edge cases and additional user scenarios.
